### Star Cream Separator

For a long time it has been known that by adding to new milk a like quantity of cold water, the cream will rise in a comparatively short time. This method of separating the cream from the milk is being very generally adopted since it has been fully proven that you get ALL THE CREAM, and make the BEST OF BUTTER. By contracting for a large number I am able to sell a very superior one for about ONE-HALF THE PRICE that is generally charged for a much poorer one.

### Roofing Material.

I have a full stock of felt roofing, prepared for this northern country, which for cheapness and durability is far ahead of any other roof you can put on. It can be used over shingles, or on a flat roof with good results. Come and see us before putting on your roof.

Dekalb Junction, N. Y. Oct. 8, 1901.  
Mr. A. J. Phillips, Norwood, N. Y.  
Dear Sir:—I have had six bottles of your Famous Rheumatic Cure. I took five bottles and my husband took one, and we would like to take more of it. I sent for six bottles more by the lady who brought me the first, but she is sick in bed and cannot attend to it, so I write to ask for the agency of it, as there are so many here who would like to try it, as it has done me so much good. When I began to take your Rheumatic Cure I couldn't walk only as I pushed a chair, and was in such pain that I couldn't lie down in bed at night. Now I am doing all my housework, washing included, and can walk as well as ever, yet I don't feel that I am quite cured. Over four years ago I began to suffer with lumbago and rheumatism of the muscles. I began to employ doctors and buy liniment, that cost me a good many dollars. But I never got any help until I took the Famous A. J. P. Rheumatic Cure. I feel grateful for what it has done for me that I cannot help but recommend it to all I see suffering with rheumatism. Should you care to have me become your agent write me what a dozen bottles will cost, for which I will send you the money.  
Very truly yours,  
MRS. CELESTIA GORE,  
Box 261, Dekalb Junction, N. Y.

**OBITUARY.**  
"The Night is Passed, the Day is here."  
When scarcely within the threshold of budding manhood, with life's bright future beckoning him on to dare and do, Frank McCollum was called away. An invalid since last spring, he lingered on through the long summer and early autumn days until Wednesday last, when his heart refused to act its function and this life was passed. The change occurred at the State Hospital at Ogdensburg. Interment at Hermon cemetery, Sunday.  
Deceased was the youngest son of Mrs. Wm. McCollum of Pyrites, and was only a little over 20 years of age. We all condole with the mother in her bereavement.

Goes Like Hot Cakes.  
"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Kentucky, "is Dr. King's New Discovery for Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from Throat and Lung diseases, who could get no help from doctors or any other remedy. Mothers rely on it, best physicians prescribe it, and Jas. E. Robinson guarantees satisfaction or refund price. Trial bottles free. Reg. sizes, 50c and \$1.

**GARVEY CONVICTED.**  
**THE PARISHVILLE SHOOTER TO BE SENTENCED.**  
Judge Hale finds Little Civil Business But Plenty Criminal Matters to Try  
County court for October opened in the court house Monday afternoon, Judge L. P. Hale presiding. This was his first appearance in this capacity, but he evidently believes in work, not words, and the term started in at once for business without any remarks or congratulations.  
There was some business transacted that was of little interest to the public. The marking of the calendar showed that but one case was ready for trial and it was reported that this would not come on.  
Mr. VanKennen secured the postponement of one Flanders, indicted for assault on a little girl at the last of the Supreme court, on the ground that material witnesses could not be had, and that the defendant's father was sick in bed in Canton.  
Leave was granted to issue an execution in the case of G. S. Bicknell vs. Thos. Flaherty, five years having elapsed since judgement was obtained.  
Mr. Gray asked that a previous judgement in justice's court against Joseph Mullin be reversed, and it was done, an affidavit being produced showing that the justice did not advise the defendant of his rights. He was fined eight dollars for calling another man names.  
The papers were taken in an appeal in the case of Carrie Wagner, sentenced by the Ogdensburg recorder to three years in a house of correction for running a bad house. Tuesday morning she was discharged.  
District Attorney Hurlbut then arraigned Erastus and Leslie Kellogg, father and son, storekeepers, of Fowler, for running a nickel in the slot machine. They were fined ten dollars each, which they paid. Mr. Hurlbut said he wanted it as a test case and a notice that these machines must go, as they were inducements to young boys to gamble away their money.  
H. D. Ellsworth then appeared in a lengthy argument of the matter of the mortgage of the estate of Alice Powell, of Colton, and asked that the mortgage of \$600 be discharged. The transaction took place some fifteen years ago, and was done by a guardian, and Mr. Ellsworth claims there is absolutely nothing on record to show that he was a guardian save a certain bond, and nothing at all to show that he received the necessary order of the court to give a mortgage. There was many other points raised. Mr. Ferris opposed and said first he did not believe the court had jurisdiction and then he entered into the case, showing that at the time the mortgage was given certain debts were paid and he believed the case ought to be laughed out of court. Mr. Ginn was also of the same opinion. The court will hear arguments later in the term and render his decision.  
At this point Mr. Crasper arose and asked leave to withdraw the former plea of his client, Hermon Eamon, indicted for manslaughter committed at Massena and to enter a demurrer. This was granted and the demurrer overruled and an exception taken. Mr. Eamon then again pleaded not guilty as in the first instance, and his case was set down for the second one to be tried.  
Miss Eva Harney, of Potsdam, indicted for running a house of prostitution and out on bail, was arraigned pleaded not guilty. She is to be tried this term.  
A peace bond in the case of Ella Smilie was canceled, no one appearing against her.  
George L. Baker was arraigned on an indictment of grand larceny in the second degree in stealing a horse and other property at Stockholm. He pleaded not guilty.  
Monday afternoon a jury was had in the case of Andrew Garvey, charged with the shooting of Brezee at Parishville last May. Witnesses were sworn to show admissions of Garvey that he did the shooting. It was shown that Garvey was in the house when Brezee arrived. Mr. Keeler had been assigned to defend by the court and fought stubbornly but introduced no witnesses, simply calling attention to the fact that no one saw Garvey shoot and that it had

not been shown that the bullets came from Garvey's revolver.  
Garvey is to be tried on the charge of robbery this term. Mr. Ross, director of the Bertillon system of identification at Auburn is here and has identified Garvey as having done time before.  
Tuesday noon—the jury returned a verdict of guilty of assault in the second degree. Mr. Keeler managed his case very skillfully. Garvey pleaded guilty to the charge of burglary and will be sentenced later. The Eamon man-slaughter case is now on.

**EDWARDS.**

New York quotations today are large cheese 12 cents, small 12c. market firm. Cables 58a. 6 pence. Receipts 47,000, exports 4,000. Creamery butter 24c., market firm. Receipts 32,000, exports 600. Quotations on cheese have advanced from 1/4 to 1/2 of a cent.

The week and the cable shows an advance of 2a. 6d. The tone of the market is as firm as it has been for the past two or three weeks with but little change in prices. At Catauga on Thursday large sizes sold for 11c. small for 12c.; at Brockville on same date 5,000 sold for 11 8-16c., 1/2c. higher than a week ago.

The bidding here today started at 21c., then 22 and 23c. with no sales. Later sales were made at 23c. which was ruling. A few of the salesmen went home without selling. One week ago the butter sold for 23 cents, one year ago it sold for 21c.
