Cunt, of Potsdam, the president, presided. The greeting was given by the pastor, Rev. G. H. Williams of the church. Mrs. N. S. Seaver, Pres. of Norwood W. C. T. U. gave the welcome and Mrs. Clara K. Hawkins of Potsdam, gave the response. Then followed the reports of the officers. Dekalb union showed the greatest increase in membership, twenty names having been added to their union during the year. Local unions in the County 30 Members 638. Honorary members 20. Y's 140. The president gave plan of work for 1906. "Our plan of work will not vary from previous year. Work that our equity may be won. No-license. Focus our strength that we may win. We must want it. We must work for it. Read our literature. Press our subscriptions, keep in touch with it. Each one do something. It will touch someone's boy someone's daughter. Let us go down for strength for our work. Let us go home to work. See the law carried out. Let us work until our county is won for no-license."

The presence of Mrs. Emma G. Dietrich, of Lockport, N. Y., State Evangelist and Supt. Anti-Narcotics, was a pleasing feature of the convention. Her address on Thursday evening "The Other Life Line" was inspiring and helpful. "The W. C. T. U. compared to a life line. There are more to be saved than ever before. Wherever there is a victim there is a life line. We have a life line of prevention before the liquor traffic. Life line of white ribbon held by women between liquor traffic and school door. Children are taught the effect on the body, brain and muscles. In the Sunday school they are taught the effect on the soul. Many are in the reformatory because the liquor habit got hold of them. Not will it hurt me but is it best for me? The W. C. T. U. the greatest organization of women in the world. Not a county in the state, not a state or territory in the union but has a W. C. T. U. The islands of the sea, all countries, in Jerusalem itself. Thousands of Japanese soldiers went out to battle with the little pledge cards in their pockets. It is the right hand of the church. It at last shall pulverize the earth under the feet of the coming King."

Friday morning reports from the Departments showed good work done. Mrs. Dietrich said that a copy of the law regarding the sale and use of cigars, cigarettes and tobacco to children under 16 years of age should be in every schoolroom, Sunday school room and post office. It is as follows: "A person who sells, pays for or furnishes any cigar, cigarette or tobacco in any of its forms to any child actually or apparently under the age of 16 years, is guilty of a misdemeanor. No child actually or apparently under 16 years of age shall smoke or in any way use any cigar, cigarette or tobacco in any form whatsoever in any public street, place or resort. A violation of this sub-division shall be a misdemeanor and shall be punished by a fine not exceeding \$10 and not less than \$2 for each offence."

With two exceptions the officers of last year were re-elected for the coming year. Reports on Evangelistic and Social work. Friday evening was given to a Silver Medal contest. There were five contestants. All did credit to themselves. The silver medal was awarded to Miss Ethel Demaria, of Racket River.

The music during the convention was good. The anthems by the choir deserve special mention, also the song by the Juniors and the solos by Miss Claire Mann of Potsdam.

The people of Norwood were very hospitable and the convention of 1905 will be one that will be remembered on account of its helpfulness to those who attended it.

Wounds, Bruises and Burns.
 By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without medication and in about one-third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a little of Chamberlain's Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by J. E. Robinson, Hermon, N. Y.

Deafness Cannot be Cured.
 by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or ringing in your ears, and when it entirely closes, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & Co., Toledo, O.

Modern Drug Dealing

The elements that enter into perfect drug service are, we believe, these: Competency, quality, courteousness, and a fair profit policy. We endeavor to give all these the fullest expression. While in some things there is legitimate need of varying qualities, in medicinal drugs there is not. We handle one grade only—the highest—yet our prices are apt to be less than inferior qualities are sometimes sold at.

Paul Whitford, of Hudson, arrived here Tuesday and will spend his vacation visiting friends and relatives in this section. His many friends here are pleased to extend the hand of greeting.

A kitchen shower was held on Thursday evening of last week at the home of Mr. and Mrs. H. L. Wallace in honor of Miss Maud Kelly and Ceylon G. Chaney, who were the recipients of many remembrances to mark the event.

George Murray will remove his family from Gouverneur to Antwerp on Nov. 1st and will reside on a farm near that village. Mr. and Mrs. Murray were former residents of this village where they have many friends who wish them success in their new home.

George Dabbitt made the discovery on going to his pasture one day last week that a valuable cow had been shot and terribly mangled which necessitated the killing of the animal. Whether the cow was shot by accident or in a malicious act is not known.

A pleasant surprise was tendered Mr. William M. Green at his home in this village on Friday evening when a number of their friends and relatives assembled to remind Mr. Green it was the seventy-eighth anniversary of his birthday. Several pleasant hours were spent and many hearty congratulations were extended. Mr. Green is one of Hermon's prominent business men having been actively engaged in the furniture business for many years. Those from out of town who attended this social event were Mrs. Muir and Mrs. Green, of Pine, Mr. and Mrs. Albert Elliott and Mr. Cleland, of Edwards.

W. C. T. U. Convention.

The Annual Session of the Woman's Christian Temperance Union of St. Lawrence Co., N. Y., convened in the M. E. church at Norwood, N. Y., Sept. 21st and 22nd. Mrs. O. B. Cull, of Potsdam, the president, presided. The greeting was given by the pastor, Rev. G. H. Williams of the church.

Mrs. N. S. Seaver, Pres. of Norwood W. C. T. U. gave the welcome and Mrs. Clara K. Hawkins of Potsdam, gave the response. Then followed the reports of the officers. Dekalb union showed the greatest increase in membership, twenty names having been added to their union during the year. Local unions in the County 29. Members 638. Honorary members 87. Y's 140. The president gave plan of work for 1906. "Our plan of work will not vary from previous year. Work that our county may be won for no-licence. Focus our strength that we may win. We must want it. We must work for it. Read our literature. Press our subscriptions, keep in touch with the work. Each one can do something. It will touch someone's boy, someone's daughter. Let us go down for strength for our work. Let us go home to work. See the law carried out. Let us work until our county is won for no-licence."

The presence of Mrs. Emma G. Dietrich, of Lockport, N. Y., State Evangelist and Supt. Anti-Narcotics, was a pleasing feature of the convention. Her address on Thursday evening "The Other Life Line" was inspiring and helpful. "The W. C. T. U. compared to a life line. There are more to be saved than ever before. Wherever there is a victim there is a life line. We have a life line of prevention before the liquor traffic. Life line of white ribbon held by women between liquor traffic and school door. Children are taught the effect on the body, brain and muscles. In the Sunday school they are taught the effect on the soul. Many are in the reformatory because the liquor habit got hold of them. Not will it hurt me but is it best for me? The W. C. T. U. the greatest organization of women in the world. Not a county in the state, not a state or territory in the union but has a W. C. T. U. The islands of the sea, all countries, in Jerusalem itself. Thousands of Japanese soldiers went out to battle with the little pledge cards in their pockets. It is the right hand of the church. It at last shall pulverize the earth under the feet of the coming King."

Friday morning reports from the Departments showed good work done. Mrs. Dietrich said that a copy of the law regarding the sale and use of cigars, cigarettes and tobacco to children under 16 years of age should be in every schoolroom, Sunday school room and post office. It is as follows: "A person who sells, pays for or furnishes any cigar, cigarette or tobacco in any of its forms to any child actually or apparently under the age of 16 years, is guilty of a misdemeanor. No child actually or apparently under 16 years of age shall smoke or in any way use any cigar, cigarette or tobacco in any form whatsoever in any public street, place or resort. A violation of this sub-division shall be a misdemeanor and shall be punished by a fine not exceeding \$10 and not less than \$2 for each offence."

Friday p. m. election of officers. With two exceptions the officers of last year were re-elected for the coming year. Reports on Evangelistic and Social work. Friday evening was given to a Silver Medal contest. There were five contestants. All did credit to themselves. The silver medal was awarded to Miss Ethel Demaria, of Racket River.

The music during the convention was good. The anthems by the choir deserve special mention, also the song by the Juniors and the solos by Miss Claire Mann of Potsdam.

The people of Norwood were very hospitable and the convention of 1905 will be one that will be remembered on account of its helpfulness to those who attended it.

Modern Drug Dealing

The elements that enter into perfect drug service are, we believe, these: Competency, quality, courteousness, and a fair profit policy. We endeavor to give all these the fullest expression. While in some things there is legitimate need of varying qualities, in medicinal drugs there is not. We handle one grade only - the highest - yet our prices are apt to be less than inferior qualities are sometimes sold at.
